Detailed Project Description and Justification:

The computers used at Hanshew Middle School are hand-me-down computers and out-dated hardware that does not meet current Anchorage School District guidelines. Hanshew will purchase computers to complete their four current computer labs and portable carts for mobile use. Digital technology and familiarity with computers is a critical component of modern education and the project will facilitate an effective learning environment. This crucial project will meet basic educational needs as determined by the Anchorage School Board for the 900 students at Hanshew Middle School.
