		8	1	Administration	Public Defender Agency	Caseload and cost increases - For the 1st half of FY2009, the Public Defender Agency has experienced caseload growth in the following key areas: The Anchorage Criminal Section has experienced an 11% increase for all cases, a 30% increase in felony petitions to revoke probation, a 14% increase in misdemeanor cases, and a 70% increase in misdemeanor petitions to revoke probation. Fairbanks has experienced a 5% increase in felony cases and a 14% increase in juvenile delinquency cases. The Civil Section within the Public Defender Agency has experienced a 7% increase in all cases, a 15% increase in juvenile delinquency cases, and a 9% increase in civil commitment cases. The Palmer office has seen a 35% increase in Child in Need of Aid (CINA) cases. Multi-year trends show significant increases over the past five years and predict caseload increases for FY2009. Statewide closing rates, however, are below 100% for the most complex caseloads, which indicates an increase in workload due to the increasing complexity of casework and trial preparation.	1,000.0				1,000.0
		9	1	Administration	Motor Vehicles	Additional funding is needed to provide for the purchase of license plates, driver manuals, and license tabs. The plates, manuals and tabs were previously funded in the capital budget. When the budget was established in the operating budget, the division underestimated the annualized costs and the amount added was insufficient to cover the costs now being incurred. In addition, some materials costs have increased. It is critical that Division of Motor Vehicles not run out of these materials and have to stop issuing licenses and plates. The funding requested here is necessary to purchase sufficient stock and inventory for the remainder of FY2009.			562.8	Receipt Supported Services	562.8

		71	1	Transportation	Central Region Highways and Aviation	Anchorage Sidewalk Snow Removal Funding is requested to operate newly acquired sidewalk tractors throughout the winter to blow, plow, and sweep the snow from Anchorage sidewalks, bus stops, trails and pathways. The Federal Highway Administration (FHWA) has notified the department that all infrastructure built with FHWA federal funds must be appropriately maintained. That maintenance includes snow removal from sidewalks and other pathways. Failure to meet these requirements could jeopardize future surface transportation funds and require reimbursement of previously expended funds.	250.0				250.0
		72	1	Transportation	Central Region Highways and Aviation	Anchorage Snow Haul (Roads) Snowfall in Anchorage this winter has returned to the amount that used to be considered normal for the area. Including the heavy snowstorms over the holidays, the accumulation of snow plowed from the roads onto the shoulders and sidewalk areas reached the level that required hauling it away. To date, snow haul expenses have nearly exhausted the annual operating budget of \$250. Supplemental funding of \$250.0 will allow for one additional snow haul for the remainder of the winter. In addition to this funding request, an additional \$31.5 in funding required to fully fund one additional snow haul has been requested as a reappropriation in sec. 14(b).	218.5				218.5
		73	1	Transportation	Central Region Highways and Aviation	Commodities Price Increases The increased cost for commodities has significantly impacted the operating budget for Central Region Maintenance and Operations. Competitive bids were completed last spring for delivery of commodities prior to winter maintenance needs. Purchases of sand and winter chemicals fall into this category. Similarly, competitive bids are completed during the fall for delivery of commodities prior to spring maintenance needs, such as paint for striping. Supplemental funding is needed for sand (\$575.0), winter chemicals (\$205.3) and paint (\$334.0).	1,114.3				1,114.3
